REMARKS

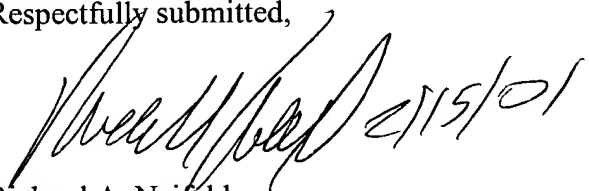

Sir:

The examiner should note that the large number of references cited in the Information Disclosure Statement submitted herewith are references that were either filed as exhibits in or identified in prior art searches relating to the 10 interferences captioned Deaton v. O'Brien with which applications to which this application claims priority were involved. Those interferences terminated as result of purchase by the assignee of the O'Brien application of all of the involved Deaton applications and patents, which assignee is Catalina Marketing International, Inc., the owner of this application, and by the subsequent priority election of this assignee of the party Deaton in each of those interferences.

Information Disclosure Statements containing exactly the same references are being filed in each of the pending Deaton applications owned by Catalina Marketing International, Inc. Of course, it may be possible that Deaton et al. have filed additional applications not owned by

Catalina Marketing International, Inc. The undersigned regrets the highly duplicative filing. However, separate filings in each pending application is required by the rules and procedures mandated by the director.
